

## Business Questionnaire

The chamber mission to China is with both tour interest as well as business interest. During the day we go sightseeing, only one night business conference held during the whole journey. Anybody trying to join in this conference should fill in the business inquiry form.

Elected official and Chinese government officials make a friendly speech to start the meeting, and then our chamber leaders and Chinese chamber leaders give introduction to the business people on the both sides. Then we sit down for one to one talk; there might be follow up by the agreement or contract sign up. The major topics Chinese business people like to ask and talk with us are on those industry fields of agriculture, manufacture, pharmaceutical, biologic medicine, IT industry and so on. We have many successful cases from our previous experiences.

The business conference is something looks like a off-work mixture as a chamber activity. We do not charge for any business consulting fee, we just try to provide this valuable opportunity, but we do not promise anything.

If interested please complete the form below and return with your application.
