

Upstate New York Cut Your Energy Costs Energy saving incentives for small businesses

Cut your business' energy costs by up to 30% with the Small Business Services program from National Grid.

The Small Business Services program offers:

- A **FREE** on-site energy audit of your facility's electrical equipment
- Based on the audit, a proposal is developed with recommended energy efficiency measures
- Equipment installation at your convenience
- Removal and environmentally-friendly disposal of fluorescent lights and ballasts from your facility

Available energy efficiency equipment may include:

- Lighting upgrades
- Lighting occupancy sensors
- Walk-in cooler efficiency measures
- Site-specific custom project

Incentives and On-bill Repayment

If you decide to install the efficiency measures recommended from your on-site energy evaluation, National Grid will pay up to 60% of the installation and equipment costs. Your share can be paid in one lump sum (and we'll discount your amount due by 15%) or, for eligible customers, your share can be placed on your monthly electric bill for up to 24 months.

Eligibility Criteria:

- National Grid business customer with an average monthly kW demand of 110 kW or less.
- Must pay the Systems Benefit Charge (SBC) that funds energy efficiency programs.
