HISTORY

Aptly named Genesee County (Gen-nis'-hee-yo is Iroquois for "The Beautiful Valley"), this quaint, mostly-rural area has been attracting visitors and residents since before the days of horse-and-buggy.

For centuries, Western New York was the home of the Iroquois Indian Nation. After the Revolutionary War, most of the Seneca migrated to Ontario, Canada, but the Tonawanda Band of Seneca Indians split from the rest of the tribe and settled in the region. Then, the Holland Land Purchase opened the county to European settlement in 1801. New frontier families used well-worn Indian

trails, which eventually became the roads you see today, and established Genesee as a meeting place.

Innovation is what sets the folks of Genesee apart. Some local firsts: Ingham was the first women's University in the country, the first free rural mail was delivered in Elba, the world's first business incubator opened in Batavia in 1959, and The New York State School of the Blind was established here in response to the men blinded in the Civil War. There are so many "firsts" – and you'll have fun discovering them for yourself!

In Genesee County, we strive to make a difference by directing our efforts towards making our community a better place. Genesee County is a 21st century community – citizens and their government working in partnership for the benefit of all.

Our residents feel secure knowing that our neighborhoods are safe. Children can ride their bikes, play in their backyards, and walk around town with friends without concern.

COMMUNITIES

Alabama Outdoor Adventure at the National Wildlife Refuge

Nestled in the north west corner of the county, Alabama has a total area of over 42 square miles with a modest population of 1,777. The John White Wildlife Management Area and Iroquois National Wildlife Refuge occupy a portion of the Town's land. Otherwise referred to as "the Alabama swamps," the Wildlife Refuge has been described as one of the best kept secrets in Western New York. Filled with well-maintained trails, rich wetlands, classes and guided walks where eagles and waterfowl can be seen, the Refuge has much to offer outdoor enthusiasts. The Tonawanda Reservation of the Seneca tribe is partially in the northern part of the town.

At the crossroad of Routes 63 and 77, residents and visitors can stop at a family-owned market for fresh-made sandwiches, meats and drinks or across the street at the Alabama Hotel where Spiro Agnew, during a campaign stop in 1968, was quoted as saying, "Really fine wings they have...really fine."

The town's strategic location offers access to key transportation routes, making it an attractive area for economic growth and investment. With a strong sense of community, heritage, commitment to environmental preservation, and ongoing development efforts, Alabama continues to balance tradition with progress, supporting a high quality of life for residents and businesses alike.

Alexander Only 3-story cobblestone Town Hall in America

Lying between Batavia and Attica, at the intersection of the scenic, southwestern Routes 98 & 20, you will find the small farming community of Alexander. The Town of Alexander was part of the original Holland Land Company, set off from Batavia and organized as a town in 1812. The town was named after its first settler, Alexander Rea, who was an early surveyor of the Holland Company, and purchased the first lot in 1802. The village of Alexander was incorporated in April of 1834.

Home to the only three-story cobblestone town hall in America, it was originally built as a private school in 1837, and was listed on the National Register of Historic Places in 1973. The Alexander Town Museum is located on the 3rd floor, and is open by appointment by calling the town hall.

Batavia Birthplace of Western New York

For centuries, Batavia was the crossroads of major Indian trails, and a meeting place for Seneca leaders. The Holland Land Office, built in 1815, managed the settlement of 3.3 million acres of land in Western New York. Batavia is the seat of county government and a thriving commercial center.

You can explore Genesee County history by visiting the Holland Land Office Museum, located on Main Street Batavia, which is also home to many fine retailers, restaurants, artisans and service professionals. Dozens of unique shops and eateries lend a small-town friendliness, and offer a variety of goods and services: fine chocolates, clothing, computers, jewelry, musical instruments, toys, and more! If it's casual dining or entertainment you want, enjoy great Italian cuisine, an Irish pub, Southern-style barbecue, Greek, Chinese, Indian and Mexican fare, to name a few. Afterward, catch a free outdoor concert held throughout summer. Take in live harness racing, entertainment, and casino gaming at Batavia Downs Casino.

Baseball fans will enjoy watching the Batavia Muckdogs (of CAN-USA) at Dwyer Stadium. Golf lovers can tee off at their choice of nearby courses, including the Batavia Country Club, Meadowbrook Golf Course, and Terry Hills Golf Course.

Batavia is alive with activities and celebrations for all ages: holiday festivals, downtown celebrations, free outdoor concerts, a free museum, and historic cemeteries. Conveniently located, Batavia is halfway between Buffalo and Rochester, and all major roads (Routes 5, 33, 63, 98 and Exit 48 on the NYS Thruway) lead downtown.

Bergen Home to 125,000 year old natural habitat

With its mix of past, present and future, Bergen is a great place to visit and live. Bergen is located between Rochester and Batavia, with access from Exit 2 off Interstate 490, and from Routes 19, 33 and 262.

The downtown area is attractively lit by old-fashioned street lamps, and offers a delightful bakery, a great deli and a local pub. Historic Carpenter Park, located at the site where the town nearly burned down in 1906, holds a special place in the hearts of residents and has recently been rededicated.

Originally settled in 1801 as a farming community, the Town was established in 1813, and the Village in 1877. The Bergen Museum of Local History exhibits artifacts from Bergen homes, and the new Harford Livery Museum features artifacts from the era of pioneer life. Both museums are open during the summer months by appointment - call (585) 494-1121.

Designated as the first National Natural Landmark, the Bergen Swamp has attracted naturalists and students to study rare and endangered species of flora and fauna in a 125,000 year old habitat. It is home to the Massasauga (Pygmy) rattlesnake, the Coal Skink and over 2,500 species of plants! Call (585) 548-7304 to schedule a visit.

Stop for a slice at Ralph and Rosie's Deli or a drink at the Rose Garden Bowling Alley.

Bethany Play outdoors in America's oldest County Forest

Bethany is located in the south east area of Genesee County, between Pavilion and Alexander. Its small rural charm and beautiful country roads begin the rolling hills landscape which is not seen in the northern half of Genesee County. The town was formed from Batavia in 1812.

Popular all year-round, Bethany is home to the oldest county forest in the country. The Genesee County Park Forest & Interpretive Center

features over 430 acres of forest, walking trails, parks, and pavilions and even sledding hills. Located on the park's premises is the Genesee County Park Interpretive Center. Here you will find displays and learning exercises in regards to local wildlife and their habitats. Many programs are held each year at the park, including snowshoeing, fly-tying, nature walks and much more.

A building with a storied past has drawn national attention as one of the premier sites for paranormal activity and research. The former Genesee County nursing home has been at the corners of Bethany Center Road and Raymond Roads since 1826 and has been everything from a poor house, to an insane asylum, to a nursing home and a country mall.

Today history and paranormal tours have been organized under its current name "Rolling Hills Asylum." Paranormal activity has been rumored to exist in the building for almost two centuries. Rolling Hills Asylum has been featured on numerous national TV shows including *Ghost Hunters*.

Byron

Famous for its archeological dig

The Town of Byron, named for Lord Byron, was incorporated in 1820. The Town is made up of the hamlets of North Byron, also known as "Pumpkin Hill" after a hotel and tavern sign in the shape and color of a pumpkin; South Byron, originally called Brusselville; and the hamlet of Byron.

Established at the intersections of Routes 237 and 262, the town's three parks offer fishing, playgrounds, and picnic areas. Camping is available at the beautifully maintained Southwoods RV Resort. Byron has several family-owned dairy and vegetable farms. Cabbage, sweet corn, peas, beets, onions, carrots, soybeans and alfalfa are among the many crops grown by local farmers.

In 1959, Charles Hiscock, a local homeowner, was digging a pond with a backhoe on his property when he unearthed a mastodon tusk. In 1983 Mr. Hiscock gave the Buffalo Museum of Science permission to dig on his property. Each year since 1983, the Museum has led a team of volunteers from across the country in an excavation of the site. Then they preserve and store the various plants, tools, animal bones, and other objects dating from as far back as the Ice Age (13,000 yrs ago).

The Byron Museum is located in the former German Lutheran Church. Visitors can learn of Byron's vast history while perusing through numerous historical items on display.

Stop by for a drink at the Historic Byron Hotel and Trailhouse or grab a slice at the local favorite, Fullerino's.

Darien

New York's Roller Coaster Capital

Conveniently situated in the southwest corner of Genesee County, Darien is easily accessible from NYS Thruway I-90 at Exit 48A. Many visitors prefer to travel the scenic countryside of State Routes 5, 33, 77, and 20, which run through and lead to the town.

Locals and visitors alike head to Darien all summer long to take in the theme park thrills of Six Flags Darien Lake Theme Park Resort. With world-class coasters, water slides, rides, shows and more, Darien is fun central! The resort offers an on-site hotel, RV Rentals, as well as their new cabins. National acts put on concerts at their 20,000 seat amphitheater all season long.

The Town of Darien is also home to the beautiful Darien Lakes State Park. The 1,846-acre park offers many family activities, and welcomes

traveling pets to a designated pet friendly camping area within the park. The terrain of the park is hills with woodlands perfect for camping, hiking, and big and small game hunting. The 12-acre Harlow Lake is perfect for bass fishing, and a sandy beach for playing and swimming. There are 150 campsites and 3 picnic areas. During the winter months, visitors and locals alike enjoy the 19 miles of multiple use trails for cross-country skiing, snowmobiling, and horseback riding. Ice skating is also popular at the park.

Families can relax and enjoy home-style meals at local restaurants, browse through quaint gift and antique shops, and wander through country gardens. Darien has a little something for everyone.

Elba

Onion Capital of the World

The village of Elba is six miles north of Batavia, on Route 98. Its well-kept homes, churches, and attractive K-12 school create a serene setting that generates community spirit and pride.

Elba's first settlers were Samuel and Amos Ranger, who came from Vermont in 1801 and took up residence at Daws Corners. Two years later, John Young, a Virginia farmer, moved his family here and became the first person to obtain a deed from the Holland Land Company. The town incorporated in 1820. By an act of Congress in 1896, Elba was the first town in the United States to receive free rural mail delivery.

Agriculture has always been Elba's main source of wealth. Elba has two of the nation's top 100 farms located within the town, as well as one of America's most highly-praised community-supported organic farms. Elba's upland farms produce a variety of crops including cabbage, cucumbers, zucchini, and summer squash, while 2,500 acres of rich muckland soil yields potatoes and onions.

The Historical Society of Elba maintains a museum and an 1842 farmhouse, where visitors learn of Elba's long, unique, and proud history. The Elba high school consistently fields fine athletic teams. And Elba is graced by a large number of artists, who have painted the town in vivid and lovely colors.

LeRoy

Birthplace of JELL-O

LeRoy is a historic village with tree-lined streets and classic Victorian houses, only five minutes from Exit 47 off the New York Thruway. Nestled along the scenic Oatka Creek, LeRoy is only an hour from Niagara Falls, and just 30 minutes from downtown Rochester. The village offers a relaxed, quiet atmosphere, away from the hustle and bustle of nearby cities. Visitors enjoy dining at excellent restaurants, then stay the night at a bed and breakfast or a nearby campground (all located within 10 minutes of town).

LeRoy's historical society operates the Historic LeRoy House and the JELL-O Gallery Museum. Visitors and groups from around the world have come to learn about "America's Most Famous Dessert." LeRoy's unique history also includes Ingham University, a pioneer in women's education, as well as a 17-mile documented driving tour of the Underground Railroad.

On the 'First Teen Weekend' in July, have fun at the LeRoy Oatka Festival. The festival centers around an arts and crafts show overlooking the Oatka Creek, and features musical entertainment, children's activities, delicious foods, and a variety of family events.

COMMUNITIES

Oakfield A Close-Knit Community

Located in the heart of Genesee County, Oakfield, NY is a charming rural town known for its close-knit community and scenic countryside. With a blend of agricultural heritage and small-town warmth, Oakfield offers residents a peaceful lifestyle surrounded by natural beauty. The town is home to the Oak Orchard Wildlife Management Area, a popular spot for birdwatching, fishing, and enjoying the great outdoors. It was founded in 1842 and has the distinction of having one of the earliest private schools in Genesee County: Cary Collegiate Seminary.

Oakfield takes pride in its vibrant local traditions and community events, including the annual Labor Daze festival that brings neighbors together with food, music, and family-friendly activities. A wide array of historical records is available to history buffs through the Oakfield Historical Society. The town's strong sense of community is reflected in its well-regarded schools and active volunteer organizations that support everything from local sports teams to historical preservation.

Main Street in Oakfield is dotted with family-owned businesses and eateries that contribute to the town's welcoming atmosphere. A variety of favorite local retail stores, eateries, and dessert options offer both comfort and character, making Oakfield not just a place to live, but a place to feel at home.

Pavilion Beautiful Farmland

The Seneca place name for Pavilion is "Chi-nose-heh-geh," which means, "On The Side of the Valley." The picturesque village rests beside the Oatka Creek, and is nestled between two of the highest hills within Genesee County. The center of town is located at the intersection of Routes 19 and 63.

The name Pavilion originated from a Saratoga native who remembered the name from a hotel there. You'll appreciate the beautiful farmland, hills and valleys, homestyle food, country shops and friendly locals. You'll also discover a wide variety of home and building styles: Federal, Greek Revival, Italianate and Bungalow. In fact, many homes and outbuildings were constructed from bricks that were manufactured in the community. Golf enthusiasts will feel at home at the popular 18-hole course and restaurant.

Pembroke No prettier spot for founding a village could be found in Western New York

The roads in the Town of Pembroke are commonly traveled areas, with four major highways (Routes 5, 77, 33 and the NYS thruway) passing through its borders. Exit 48A of Interstate 90 opens onto Route 77, where there are two nationally-known travel plazas.

The Town of Pembroke was established in 1812. Its population centers include the hamlets of Pembroke, East Pembroke, Indian Falls, North Pembroke and the Village of Corfu. Historic Indian Falls is the birthplace of General Ely Parker, who penned Grant's terms of surrender at Appomattox to end the Civil War. Boasting a 30-foot waterfall, Indian Falls is a sight to see during the greens of Summer, the reds of Autumn, and the crystals of white in Winter.

Mostly a rural farming area, Pembroke now includes many small businesses, churches, restaurants, and a progressive school system. Many restaurants, country markets, accommodations, the ever-popular Darien Lake Theme Park and Darien Lakes State Park are just minutes away!

Stafford Rich in History

The town of Stafford was formed on March 24, 1820 from parts of LeRoy and Batavia. Stafford and its hamlets of Roanoke, Stafford and Morganville are located just east of Batavia, following Route 5. The intersection of Routes 5 and 237 is listed on the National Register of Historic Places as the site of the first settlement on the Holland Land Purchase in 1798.

Early settlers came from Devonshire, England, thus the family name 'Stafford,' a family name of the Dukes of Devonshire. Buildings of historical significance are the Stafford Trading Post, previously known as the I.O.O.F. Hall, built in 1890; the former Town Hall which was built for use as a store in 1850; and the stone portion of the Fire Hall, built in 1827, also for use as a store. Stafford in the early days was known as a center for business and trade. A stage coach tavern, copper shop, blacksmith and wagon shops, as well as general stores, cider mills and Inns were some of the profitable businesses. Many doctors came to practice in Stafford as well.

Today, Stafford's convenient location still makes it a profitable place for business. Experience a world class prime rib & seafood restaurant where the finest quality of prime rib of beef is carved table side, pick your own apples at the apple farm, shop at the country convenience store, play a quick round at an easy walking golf course, attend an antique auction, and much more.

The Stafford Museum, which is located behind the Town Hall at 8903 Morganville Road (Rt. 237) is open to all guests from May through October on Tuesdays, Thursdays and Sundays from 2:00 PM to 4:00 PM and by appointment: (585) 343-9424 or (585) 343-3833.
